## MATHEMATICAL MODELLING

New Age International (P) Limited, 2015. Softcover. Book Condition: New. 2nd edition. Each chapter of the book deals with mathematical modelling through one or more specified techniques. Thus there are chapters on mathematical modelling through algebra, geometry, trigonometry and calculus, through ordinary differential equations of first and second order, through systems of differential equations, through difference equations, through partial differential equations, through functional equations and integral equations, through delay-differential, differential-difference and integro-differential equations, through calculus of variations and dynamic programming,...

### Reviews

---

*Merely no terms to spell out. We have read through and i also am confident that i will gonna read yet again again in the future. You will not sense monotony at anytime of your own time (that's what catalogs are for about should you question me).*

-- **Pasquale Larkin I**

*This written book is excellent. It generally is not going to expense a lot of. Its been developed in an extremely straightforward way which is merely right after i finished reading through this pdf where in fact altered me, modify the way i really believe.*

-- **Miss Aurore Zulauf Sr.**
