University of Washington Press, United States, 2005. Paperback. Book Condition: New. Translation. 183 x 114 mm. Language: English . Brand New Book. Can language hide thoughts? This question, posed by the German Academy for Language and Literature in 1965 as the topic of its first essay competition, was taken up by the philologist Harald Weinrich, with far-ranging results. The most immediate was his claiming first prize with this volume's title essay, published the following year as *Linguistik der Lüge*. Weinrich's influential essay, now in its sixth printing in Germany, is presented here for the first time in English, with an updated preface by the author and additional essays selected by him. With wit and clarity, Weinrich brings sophisticated thinking about semantics to bear on the question of how, and how much, language corresponds to thought.
