At first, they were sent to secure the Blue Star space station for their nations but they quickly learned that they were not in control of their fates. An ambiguous race of small machines, the Scragg, have propelled the station to a planet and isolated the soldiers in the lower sections. To make the situation worse, the Colonel has a civilian that irritates him, a presumptuous Chinese Commander that annoys him and a French Professor that infuriates him. His daughter-in-law is an insolent Officer and his son is drifting away from him. He is surrounded by nagging frustrations that he cannot command to cease. He remains stubborn, determined to force the Scragg to return them home, but the mischievous machines had something else in mind. They force the soldiers from the space station.
