Createspace, United States, 2014. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.This is an unprecedented time in human history. Up until now man has been focused on documenting and understanding the laws of nature. From this emerged the descriptive sciences which formed the basis of our educational institutions today. We are now at a new point in human history where man has achieved mastery of nature. We now require a new body of knowledge that acknowledges man s progress and mastery in order to take the next steps as individuals and humanity as a whole. This new body of knowledge is known as Normative Science or Normative Studies. Normative means the ideal or the standard; the study of what an individual and humanity as a whole should now be doing. In doing so we realize our purpose as individuals and for humanity. Modern day academia and thus University has lost the Normative, intentionally or otherwise. One can go through an undergraduate degree, masters degree, and even PhD without even hearing the word, normative. Without the normative, reality can be reframed and the human lacking knowledge of the normative does not achieve their evolutionary potential (reference neural pathway development in the prefrontal cortex). The theme that will define our time is whether humans will entirely break from the normative or align and advance it. Some individuals and even cultures are more aligned with the normative than others. Inasmuch as one aligns with the normative, they encounter/acquire abundance. Some individuals attempt to break individuals and cultures from the normative in order to exploit and reframe reality. This process will be described in the chapter on Linguistics, Neural Pathways Reality (explains how relativism is lack of neural pathway development in the prefrontal...
